5W40

General Description			
10W30	20W50	15W40	5W40
A premium engine oil for naturally aspirated and turbo charged petrol and LPG vehicles designed to aid in the reduction of fuel consumption and provide protection against engine wear in late design engines.	All season multi-grade heavy duty engine lubricant for naturally aspirated and turbo charged petrol, LPG and diesel engines, designed to offer maximum protection against wear, corrosion and oxidation.	A high performance engine lubricant, designed to meet the requirements of a wide range of naturally aspirated and turbo charged gasoline and diesel engines.	A fully synthetic engine oil designed to offer maximum performance and protection under severe conditions for Australian and European vehicles applications in petrol and diesel naturally aspirated and turbocharged vehicles. Also suits late European diesel engines with exhaust particulate filters.
Advantages			
10W30	20W50	15W40	5W40
<ul style="list-style-type: none"> <li>– Protection against sludge and deposits</li> <li>– Resists viscosity and thermal breakdown</li> <li>– Maintains viscosity grade</li> <li>– Maximum fuel economy (EC Rating)</li> </ul>	<ul style="list-style-type: none"> <li>– Very high resistance against oxidation.</li> <li>– High detergent and dispersant properties.</li> <li>– High neutralizing power.</li> <li>– Strong oil film.</li> <li>– High lubrication power.</li> <li>– Low loss by evaporation.</li> </ul>	<ul style="list-style-type: none"> <li>– Very high resistance against oxidation.</li> <li>– High detergent and dispersing properties.</li> <li>– High neutralizing power.</li> <li>– Strong resistance.</li> <li>– High lubrication power.</li> <li>– Very large application field.</li> <li>– Low loss by evaporation.</li> </ul>	<ul style="list-style-type: none"> <li>– Superior Wear Protection</li> <li>– Excellent Thermal and oxidation stability</li> <li>– Low volatility</li> <li>– Low maintenance costs,</li> <li>– Protects Against Sludging</li> <li>– Low phosphorus Levels</li> </ul>

# Engine Oil

Application			
10W30	20W50	15W40	5W40
Petrol powered engines that specify the use of a SAE 10W-30.	Up-to-date 4-stroke Petrol engines (multi-valves, turbo, etc.). 4-stroke diesel engines of passenger cars, with or without turbo.	This all seasons oil is especially recommended for mixed fleets (passenger cars and light commercial vehicles). It can be used in most services, in diesel engines with natural aspiration or with turbo discharge and in most petrol engines.	May be used in petrol and diesel engines in cars and light commercial vehicles where a low viscosity oil is required. Although flushing is strongly recommended for best results, ACDelco 5W40 is compatible with all high quality branded, low viscosity synthetic engine oils. Compatible with all engine seals and gaskets.

Specifications
