ACDelco® A Better Battery

Whether you're fitting to a car, truck, boat or anything in between, ACDelco has a quality range of batteries to suit your needs.

ACDelco Batteries are manufactured in modern facilities utilising the latest quality control systems to produce high quality batteries that are rugged, reliable and ready to work.

“Whether you choose from our Low Maintenance Accessible (LMA) or Sealed Maintenance Free (SMF) range you can be assured of a quality product.”

ACDelco use only wrought-lead calcium expanded grids rather than the common cast antimony grids. They are less susceptible to corrosion and water loss, meaning a longer shelf life than conventional Lead Acid batteries.

Features such as heavy duty flat bottomed polypropylene rib cases and long warranty ¹ have earned ACDelco a reputation for reliability and longevity, so you can fit with confidence.

For more information regarding the ACDelco range or to locate your nearest stockist visit acdelco.com.au today.

¹ Warranty conditions vary depending on the product and application. For full details refer to www.acdelco.com.au/warranty.

² Conditions: Offer only valid for ACDelco Batteries purchased in any transaction between 01/12/09 and the close of business 31/01/10. All purchases should be made during the offer period ending on 31st January 2010, and all claims must be received by ACDelco no later than 15th February 2010. Offer only open to Australian trade customers. Employees and immediate families of ACDelco Stockists / Distributors and Holden Dealers are ineligible. The rewards are awarded by the completion of the redemption form attached. Allow up to six weeks for delivery of bonuses. Entitlements are not transferable or exchangeable. The redemption process will require the claimant to submit a copy of the relevant invoice/s to claim the rewards. "ACDelco Promotions", P.O. Box 1714, Melbourne, VIC 3001. (ABN 84 006 893 232).
