

ACDelco Engine Oil

Select Plus Semi Synthetic

General Description	
Select Plus 10W-30	Select Plus 10W-40
Synthetically enhanced engine oil for everyday & high performance engines in passenger vehicles. Suitable for vehicles using LPG, leaded and unleaded fuel. Meets the latest API specs and provides excellent fuel consumption results.	Synthetically enhanced engine oil for everyday & high performance engines, in passenger and light commercial vehicles. Suitable for vehicles using LPG, leaded and unleaded fuel, and many diesel engines. Meets the latest API specs and provides excellent fuel consumption results.

Advantages	
Select Plus 10W-30	Select Plus 10W-40
<p>A stay-in-grade lubricant, which maintains its wear protection and fuel economy characteristics even in the most severe conditions.</p> <p>Superior performance when compared to API SM, SL and SJ lubricants, particularly in the areas of oil consumption, fuel economy, high temperature-deposit control and oxidation.</p> <p>Lowers fuel consumption due to its special additives. Because Select Plus 10W30 is never too thin or too thick, regardless of the operating conditions, fuel consumption can be reduced by up to 5.5% when compared to conventional SAE 15W-40 oils.</p> <p>Low oil consumption due to minimum evaporative loss.</p> <p>Resists oxidation and thermal breakdown even in severe service.</p> <p>Protection against sludge and deposits.</p>	<p>A stay-in-grade lubricant, which maintains its wear protection and fuel economy characteristics even in the most severe conditions.</p> <p>Superior performance when compared to API SM, SL and SJ lubricants, particularly in the areas of oil consumption, fuel economy, high temperature-deposit control and oxidation</p> <p>Low oil consumption due to minimum evaporative loss.</p> <p>Resists oxidation and thermal breakdown even in severe service.</p> <p>Protection against sludge and deposits.</p>

ACDelco offers a comprehensive Product Range to suit Most Makes & Models.

Approvals and Performance Ratings	
Select Plus 10W-30	Select Plus 10W-40
Rationalisation of grades – in many cases can be used if the following SAE grades are specified: SAE 5W-40, SAE 10W-40, SAE 15W-40, SAE20W-40. No loss of performance as a result of unwanted deposits in cylinders, on pistons, valves, spark plugs and in turbochargers. Compatible with all gaskets and seals. Miscible with all mineral oil and synthetic oil. Therefore no flushing is required.
