

## ACDELCO CAR CARE CHEMICALS

# FUEL INJECTOR CLEANER

PART# 88900162

### APPLICATION

Deposit build up in fuel injectors or carburetors causes driveability problems, including hesitation, stalling, reduced power and reduced fuel economy.

### PERFORMANCE

- cleans fuel injectors
- reduces carburetor deposits
- helps prevent corrosion of the fuel system
- helps maintain intake port and valve cleanliness

### APPLICATION

Add container contents to every second tankful (50-60L) of gasoline at fill-up to maintain clean fuel system components. To clean up dirty fuel injectors, add two bottles to tank at fill-up.

### CHARACTERISTICS

A clear yellow liquid.

Specific Gravity, @ 15°C:	0.80
Refractive Index, @ 25°C:	1.44
Flash Point:	41°C
VOC (% w/w):	94
NFPA Flammability:	Combustible Liquid Class II

### PACKAGING MOST OFTEN SPECIFIED

350 ml bottle with childproof cap

### PRECAUTIONS

Combustible liquid. Keep away from extreme heat, open flame and spark. Store in a cool, dry area. Avoid inhalation of vapors. The use of plastic or rubber gloves and safety glasses is recommended. Wash thoroughly after use. See Material Safety Data Sheet for further information.
